

THE YEAR WE NEEDED

Christmas Magic

THE VERY MUCH MOST

2020

Dear Parents:

The Year We Needed Christmas Magic the Very Much Most is a story we wish we never needed to write, but we hope that it will bring a little cheer to you and yours as you try to make the best of a very unusual holiday season.

HSV doesn't see many of you much anymore, but we know we are not the only ones impacted by all that is 2020. Our hope is that this book will help you explain the changes that your children are experiencing this season and address them in a light hearted way.

Knowing what to say can be frustrating. We hope this story helps you and we can't wait for the day that you can get #BackToTheSky because we'd rather help you #FlyHSV than write books. Here's the thing though- we'll do anything to provide great customer service to you so Enjoy!

Merry Christmas & Happy Holidays,
Your Friends at Huntsville International Airport

THE YEAR WE NEEDED
Christmas Magic
THE VERY MUCH MOST

2020 has been a pretty tough year,
Learning and class- it's all been weird...

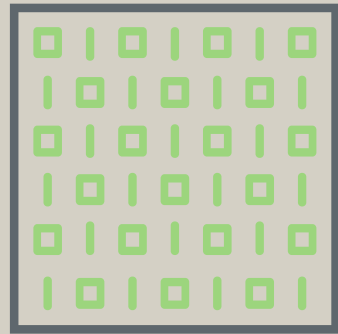

You created a science project - so cool,
but then you couldn't take it to school.

A little **MAGIC** and bam- we found a way
to learn and to even do P.E. each day.

Computers and labs- tools for each class
But parents still worry if you will pass.

Most parents do other jobs than teach,
But because they love you they all reach,
reach, reached...

Deep down inside and
found a way-

to help you to learn and get
through each day.

A little **MAGIC** and swoosh- your parents
and school worked together to make sure
you had every tool.

THANK YOU
TEACHERS!

You're really bright and now you see too-
How very much they ALL must love you!

You have an idea- a special surprise

The people you love
won't believe their eyes!

That mess in your room is
now super spiffy because you
cleaned it all up in no more
than a jiffy.

That's **MAGIC** wow- your parents are
pumped. They cheer and they hug you and
even fist bump!

(P.S. When did your parents get so cool?)

Oh 2020, the craziest year- if you cough
or you sneeze- everyone fears.

Can you taste? How bout smell? Is your
head really hot?

Thank goodness we
learned it's only
sniffles you've got.

And now a vaccine is here at last...
That's **MAGIC** whap- it's being shared
fast.

That means our family- like Pop Pop & Granna will get the vaccine and we can start planning...

A visit to see them, we miss them so much.

At least we can call them and stay in touch.

That's **MAGIC** swish- Facetime lets us chatter with people we love and who really matter.

Plus, they send packages for under the tree so there will be presents for you and me.

Just try to remember- because 2020 is the year-

some of the packages might not get here- - -

for Christmas silly, They'll all still arrive we just have to be patient- and wait for that time.

That's **MAGIC** whop- it's good news and fun- It means you'll get presents on more days than one.

How awesome is that- we found the bright side!

Now our spirits and hopes can all take flight.

And you, even you-
in one day not too far

will hop on a plane, on
a train or in a car...

And like **MAGIC** whoosh- you'll visit again-
all the people you love- your family and
friends.

So remember, even though you didn't fly this year,

We can always find reasons to have Christmas cheer.

The **MAGIC** of Christmas doesn't just go away-

for a **YEAR** or a month, or even a day.

The **MAGIC** thump thump actually comes from **YOUR** heart. Be kind and be patient and you've done your part.

And so now we see- the year we needed
it the very much most- **CHRISTMAS**
MAGIC was here all along in our hopes.

The Year We Needed Christmas Magic the Very Much Most is dedicated to all of our customers. You made us the #1 Small Airport in the U.S. in 2020 .

We are grateful that you choose to fly local and #FlyHSV. We can't wait to have the opportunity to provide you with the best customer service and airport experience again.

We are working hard to continue to implement more and more measures to make sure that when you do return you will feel comfortable and safe at HSV.

Reach out anytime with questions you may have as you consider flying and we will personally answer them and help you to find the right solution for your family.
